APPRENTICESHIP POLICY STATEMENT

The following is the Policy Statement issued by the Dakotas and Western Minnesota Areawide Joint Electrical Apprenticeship and Training Committee ("JATC"). Nothing contained in this Statement of Policy shall be contrary or conflicting with the JATC Standards. The Statement of Policy may be changed or revised at any time by the Areawide Committee.

I) Committee Policies – General

A. Drug Policy - See Drug Policy on Page 10

B. Indenture

All Apprentices are indentured to the JATC through the Local Subcommittee without discrimination because of race, color, age, religion, national origin or sex. The JATC will take affirmative action to provide equal opportunity in Apprenticeship and will operate the Apprenticeship Program as required under Title 29 of the Code of Federal Regulations, Part 30, and other applicable law and lawful regulations issued thereunder. An agreement, the indenture, which actually makes the Apprentice a party to the Standards, is signed by the Apprentice and a representative of the Areawide Committee. Furthermore, each agreement (indenture) is registered with the certifying agency of the U.S. Department of Labor, Bureau of Apprenticeship and Training.

C. Basic Standards

The Standards governing the operation of this program require that each apprentice successfully complete 8,000 hours of On-The-Job Training, complete a minimum of 900 hours of related instruction, and satisfactorily pass all examinations before being classified as a Journeyman. The term of Apprenticeship may be changed by approval of the National IBEW and NECA and adoption of such change by Local NECA/IBEW negotiations. Apprentices indentured at the time of such change will continue under the terms in force at the time of their indenture to the Program. The current term of Apprenticeship is five years. Note: All currently indentured apprentices who have 6,500 hours of On-The-Job Training, have completed the fourth year of school, and have acquired a state electrical license will be advanced to tenth Step.

An individual who has completed at least 4,000 hours of relevant work experience, which has been verified to the satisfaction of Director of Education, will be given direct entry into the program areawide upon application. The Director of Education may, in his or her sole discretion, provide additional credit on wage scale and training classes to a direct entry Apprentice who demonstrates to the satisfaction of the Director of Education in excess of 4,000 hours of relevant work experience and capability.

<u>Period</u>	<u>Percentage of Journeyman Rate</u>			<u>OJT Hours</u>	<u>Related Training Completed</u>
	1426	714 & 1250	426		
1	(47%)	(50%)	(50%)	0 – 1,000	
2	(52%)	(55%)	(55%)	1,000 – 2,000	
**3	(55%)	(55%)	(60%)	6 months & 2,000 – 2,750	First Year
4	(57%)	(60%)	(65%)	6 months & 2,750 – 3,500	
5	(62%)	(65%)	(67%)	6 months & 3,500 – 4,250	Second Year
6	(67%)	(70%)	(69%)	6 months & 4,250 – 5,000	
7	(72%)	(75%)	(70%)	6 months & 5,000 – 5,750	Third Year
8	(77%)	(80%)	(72%)	6 months & 5,750 – 6,500	
9	(83%)	(85%)	(75%)	6 months & 6,500 – 7,250	Fourth Year
10	(88%)	(90%)	(85%)	6 months & 7,250 – 8,000	

** Vacation and Holiday and Pension benefits become effective.

All currently indentured Apprentices who have 6,500 hours of OJT, completed the fourth year of school and have acquired a state electrical license will be advanced to tenth step.

1. Problems

Any Apprentice who has a problem, either on the job or in school, shall contact the Director of Education by phone, letter or in person. If the Director of Education cannot solve the problem, the problem will be referred to the Local Subcommittee for appropriate action.

Any Apprentice who wishes to appear before the Local Subcommittee may do so by making a written request through the Director of Education, who will inform the Apprentice as to the time and location of the next meeting.

2. Complaints

Any Apprentice, Journeyman, Employer or other person having a complaint against any other person regarding the violation of this Statement of Policy or the Standards shall put their complaint in writing to the Director of Education. The Director of Education will acknowledge the complaint in writing, stating when the complaint will be brought to the attention of the Local Subcommittee. This may be at the next regular meeting of the Local Subcommittee or at a special meeting called by the Chairman of the Local Subcommittee or the Director of Education. The Local Subcommittee will review the complaint and take appropriate action.

D. Advancements

Advancements will take effect when Apprentices have worked six months, have accumulated the appropriate number of hours, and filed their time sheet reports verifying said hours with the JATC office. Advancements will be granted provided the Apprentice is performing satisfactorily both on the job and in related training AND is registered as

an apprentice with his or her home state. Apprentices will not be advanced to the next period unless the prescribed number of On-The-Job Training hours has been completed, his/her time sheet reports are up-to-date, all training material fees are paid, and the Apprentice is maintaining satisfactory progress in related training. In order to be considered for advancement, all required reports must be submitted to the JATC office no later than the tenth (10th) day of each month.

E. Completion of the Program

All Apprentices who have completed their schooling and who have attained at least 8,000 hours of OJT must: 1) take the Class A State Journeyman Wireman Examination as soon as possible and within six (6) months after completing their school and OJT, and 2) pass the Examination within twenty-four (24) months of completing school and OJT. After completing the Examination, and immediately upon being notified by the State, all Apprentices must notify the Committee (or its representative) and Employer whether the Apprentice has passed or failed the Examination. If the Apprentice fails to achieve a passing score, they must retake the test at every opportunity. Apprentices who fail to timely complete this requirement and obtain a State Journeyman license (from North Dakota, South Dakota, or Minnesota) may be dismissed from the program.

II) Related Instruction

A. Attendance

Apprentices are required to attend all scheduled related class sessions. This includes special sessions for CPR/First Aid, OSHA and other training that may be scheduled by the Local Subcommittee or Areawide JATC. Regularly scheduled classes missed due to illness will be made up by attending the scheduled make up classes, which will be announced at the start of each school year. No other classes or activities will be counted towards make up. Failure to make up missed classes will result in both pay and step advancements being withheld. Apprentices who cannot make it to class or will be late are required to contact the related Regional Coordinator. Questionable absences will require an appearance before the committee. If an Apprentice misses twelve (12) hours per school year of related training classes, he or she may be required to repeat the school year at the same pay period or be removed from the program at the discretion of the Local Subcommittee. If an Apprentice misses twenty-four (24) hours of related training classes throughout the course of their Apprenticeship, the Apprentice may be terminated from the Apprenticeship Program. A tardy will be assessed after an Apprentice is between one and fifteen (1-15) minutes late for class. If an Apprentice is fifteen (15) or more minutes tardy, that will be considered an absence. Three tardies will also constitute one absence.

Work is not an excuse for missing classes. If an Apprentice is working in another area and wishes to attend classes in that area, the Apprentice must contact the Director of Education for permission regarding the possibility of attending class in the other area. An Apprentice working in an area where there are no scheduled related training classes may be required to travel in order to attend classes in another area. When an apprentice is required to travel for work, contracts an illness or encounters other extenuating circumstances, Apprentices may be allowed to attend related training virtually, at the discretion of the related Regional Coordinator.

B. Conduct

Apprentices are expected to be attentive at all classes and will conduct themselves in a manner that is not detrimental to the Apprenticeship Program. Problems and discussions that do not relate to the job or the related training portion of your Apprenticeship will not be taken up during class hours. Apprentices will obey all school regulations (parking, smoking, etc.). Any disrespect shown to the instructors or to school officials will result in disciplinary action. Apprentices found guilty of committing a gross misdemeanor or felony by the court system could face disciplinary action or possible discharge from the Program because of the negative impact to the Industry.

C. Performance

All Apprentices will come to class with all assignments completed. Apprentices that fail to come to class prepared will be sent home and counted absent. Apprentices are expected to maintain a passing grade of seventy-five percent (75%). Tardiness will not be tolerated. Instructors are directed to notify the Director of Education of all violations of this Policy Statement. The Director of Education will bring any violations to the attention of the Local Subcommittee for further action.

D. Grades

Grades will be based on: class participation and performance on quizzes and tests. A passing grade is seventy-five percent (75%). All Apprentices will maintain a passing average at all times. If at any time an Apprentice fails a test, that Apprentice will be directed to appear before the Local Subcommittee. If an Apprentice's average falls below passing, or an Apprentice fails two (2) tests within one year, that Apprentice will be placed on academic probation until the Local Subcommittee lifts the probation. If an Apprentice on academic probation fails to show improvement, that Apprentice may be terminated from the Apprenticeship Program. Test failures may also warrant other penalties at the discretion of the Local Subcommittee. Any Apprentice on academic probation will have his/her Employer informed of the academic probation by the JATC office. Related training instructors are to keep the Director of Education informed whenever an Apprentice fails a test or when an Apprentice's average falls below passing.

E. Training Materials

Apprentices are required to pay the JATC for training materials each school year. These training materials are to be paid for when the Apprentice receives them. Failure to pay for training materials will result in that Apprentice not receiving the books required to attend class. No Apprentice will be allowed to begin classes without the required training materials. Excessive absence from classroom training may result in removal from the program or other discipline. Excessive absence is defined as missing nine (9) or more hours of classroom related training credit.

III) On-The-Job Training

A. Tools

Each Apprentice, upon reporting for work, must possess the minimum tool requirements as contained in the local labor agreement. After one year, Apprentices must possess the same tools as a Journeyman.

B. Performance

Each Apprentice is expected to report for work every day (Monday-Friday), to be on time and to be ready to work, unless directed otherwise by the Employer or the Employer's representative. Apprentices who cannot report for work or will be delayed will contact their Employer one-half hour before starting time. Apprentices are expected to be dependable, to be willing to learn and to show initiative and good judgment. Apprentices must demonstrate a mechanical ability and a willingness to assume responsibility or face possible termination from the Program.

C. Work Experience

The Director of Education may rotate Apprentices to ensure that each Apprentice receives the training that is deemed necessary for that Apprentice to become a qualified Journeyman.

D. Apprentices Who Quit an Employer

Apprentices are not to quit an Employer. Apprentices who quit an Employer are subject to termination from the Program. If the Apprentice feels that a problem exists, the Apprentice is to contact the Director of Education, who will take appropriate action. Apprentices who quit will be required to appear before the Local Subcommittee at its next regularly scheduled meeting. The Apprentice will be informed as to time and place of that meeting by the Director of Education. Apprentices will not be reassigned until after the Local Subcommittee meets.

E. Lack of Work

Apprentices may, from time to time during their Apprenticeship, be laid off. Apprentices laid off because of lack of work will be placed as soon as possible. Apprentices must inform the Director of Education and the Local's Business Agent when being laid off.

F. Termination

Apprentices who are terminated from an Employer for a reason other than lack of work will be required to appear before the Local Subcommittee at its next regularly scheduled meeting, but not longer than one (1) month after termination. The Apprentice will be informed as to time and place of that meeting by the Director of Education. Apprentices will not be placed until after the Local Subcommittee meets.

G. Transfers

Any Apprentice who wishes to transfer (shop to shop or Local Subcommittee to Local Subcommittee) must present a request in writing to the Director of Education, who will present the request to the Local Subcommittee for its action. Any request for transfer will not be considered unless made in writing to the Director of Education.

H. Job Assignments

1. All requests for Apprentices must go directly to the Director of Education. Upon receiving the request, the Director of Education will review the contractor's Journeyman/Apprentice ratio to verify the eligibility for another Apprentice. The Director of Education will then review other contractor's ratios and consult with the Business Manager in the respective area.
2. If a contractor's ratio is out of balance, the Director of Education will inform the contractor of the imbalance and identify an Apprentice for reassignment.
3. In the event reassignment is required, the Director of Education will review the work reports of the Employer's Apprentices. If an Apprentice or Apprentices are accumulating work experience hours in work areas greater than required, that Apprentice or Apprentices may be subject to reassignment at the discretion of the Director of Education.
4. If no Apprentices are available, indenturing another Apprentice will be at the discretion of the Local Subcommittee.

I. Placement Procedure

Employer requests for Apprentices must be submitted to the JATC office on an Apprentice request form. Eligibility to receive an Apprentice will be handled by the Director of Education. All indentured apprentices in the area must be employed prior to any new applicants being employed, except direct entry Apprentices. Employers cannot call for an Apprentice by name or specific period, nor have the right of refusal.

An Individual who the Director of Education has determined has 4,000 or more hours of verified relevant work experience will be placed with the program areawide as a direct entry apprentice not as a direct interview applicant.

The Director of Education will do everything possible to maintain equality among the employers in regard to the average step of Apprentices employed. Unemployed Apprentices will be placed on an "out-of-work" list and reemployed in the order in which they were laid off. An exception to this may occur if an employer has a high step average among employed Apprentices. In such cases, the employer may request a lower step Apprentice and the reemployment in order of layoff provision may be waived.

IV) Reports

In order that the Local Subcommittee may properly evaluate an Apprentice's progress in the Apprenticeship Program, each Apprentice is required to submit to the JATC office a Work Record Report (time sheet). Other records may be required from time to time. Failure of an Apprentice to submit any required reports at the specific time will result in punitive action by the Local Subcommittee.

A. Work Record Report

Upon being indentured to the Apprenticeship Program and upon assignment to a particular shop, each Apprentice is to fill out time sheets for each day worked. These work time sheet forms must be submitted via the website at www.dakotasjatc.org.

IT IS IMPERATIVE THAT THESE TIME SHEETS BE SUBMITTED ON TIME AT THE END OF EACH MONTH. All reports must be submitted by the tenth (10th) of the month. Any report received later than the tenth (10th) will be considered late. All late reports will result in a penalty of sixteen (16) working hours for each day the report is late. This penalty will also apply to reports that are identified as needing correction and not returned by the date given in the correction notice. Any Apprentice assessed penalty hours for a late report will have his/her next pay raise withheld for a period equal to the number of penalty hours assessed. Penalty hours will be held to the first hour of the Apprentice advancement; therefore, penalty hours will be assessed after both the requirements of hours and school have been met.

If the Apprentice does not update a late report by the tenth (10th) of the month following a late report, his/her employment will be suspended. The Apprentice will then be directed to appear before the Local Subcommittee at its next regularly scheduled meeting. The suspended Apprentice will not be allowed to work until the Local Subcommittee has acted upon the suspension.

Monthly Work Reports should be filled in for all hours worked during the month. The Apprentice must fill out and send in time sheets even if he/she is unemployed.

It is important that hours be marked down in the proper category, as this information is used to determine if an Apprentice is receiving work experience in all aspects of the trade. It is important that all portions of the time sheet be filled out accurately before it is submitted. Inaccurate and incomplete time sheets will be identified and returned to the Apprentice for correction.

V) General Policies

A. Scheduled Absences

Each Apprentice will schedule his/her vacation time so that there is not a conflict with their regularly scheduled related training classes. This includes time off for hunting or fishing trips, weddings, holidays gatherings or sporting events. An apprentice requesting time away from related training must have all work completed and verified prior to the first day of the scheduled absence.

B. Probationary Period

Each Apprentice will serve a 2,000-hour probationary period. This is 2,000 hours of actual employment. During this period, the Local Subcommittee may terminate an Apprentice for cause. After the probationary period, the Local Subcommittee may still terminate an Apprentice, but the Apprentice is allowed a hearing before the Local Subcommittee.

C. Standards

Each Apprentice will read the JATC Standards and will abide by the rules and regulations contained therein.

D. Appeals and Deadlocks

Apprentices may appeal any decision made by the Local Subcommittee. They must submit in writing a request for appeal to the Director of Education. Local Subcommittees that are deadlocked on a decision will have the Areawide Committee settle the deadlock.

E. Disciplinary Action

By not adhering to the JATC Standards and to the Statement of Policy of the JATC, any Apprentice is subject to disciplinary action. In some instances, the action is automatic and in other cases, the Local Subcommittee will take action. Possible courses of action include:

- Loss of pay by a forced lay-off;
- Withholding of advancement to next period; and/or
- Suspension or dismissal from the Program.

F. Appearance Before Local Subcommittee

Apprentices may be called before the Local Subcommittee at any time. Apprentices may, at any time, request to appear before the Local Subcommittee. The request should be made in writing through the Director of Education.

G. Veterans

Veterans will contact their local Veterans Administration Office to obtain a Certificate of Eligibility (Form #22-1993a). This form will then be submitted to the Training Office for certification. It will be forwarded to the Veterans Administration Office. All monthly certification of hour forms are to be submitted to the Office in Fargo. The hours will be verified and then forwarded to the appropriate VA Office.

H. Change of Status

Each Apprentice will be responsible for keeping the JATC office, the Local Union and the Vacation and Holiday and Health and Welfare Office (Benefit Plan Administrators) informed of any change of address and telephone number.

VI) Drug Policy

A. Preamble

The Dakotas and Western Minnesota Areawide Joint Electrical Apprenticeship and Training Committee (“JATC”) recognize that employment in the electrical contracting industry is potentially hazardous. Alcohol and substance abuse is an issue that concerns us all and efforts are being made on many levels to create an environment that discourages this destructive problem. Being under the influence of prohibited drugs or alcohol poses unnecessary and unacceptable safety and health risks not only to the user but to all those who work with him or her.

Other Substance Abuse Policies. While Employers bear the exclusive responsibility for the safety and health of employees at their work sites, including

Apprentices, the JATC realizes that workplace safety is threatened by the use of illegal drugs and alcohol. Accordingly, the JATC has implemented the following Alcohol and Substance Abuse Policy. This Policy and Program is not intended to interfere with the rights of IBEW local unions to negotiate with Employers, the contents of whose substance abuse programs to which employees are subject. The JATC also recognizes that frequently, construction owners and/or general contractors impose their own substance abuse policies and programs on electrical contractors working at their construction projects. While this Policy and Program is not intended to prevent electrical contractors from complying with those requirements, the JATC should not be understood as endorsing any independent substance abuse programs or policies which may be negotiated by local unions or established by owners, general contractors or electrical contractors. By implementation of the Program, the JATC does not assume responsibility for ascertaining or monitoring the drug-free or alcohol-free status of any Apprentice or Applicant for Apprenticeship.

Purpose. The purpose of this Policy is to maintain the safety of all jobsite personnel, preserve the property belonging to the construction owner and JATC's employees on the project, to enhance the jobsite learning experiences of Apprentices, and assure quality work performed by Apprentices on construction projects.

Fairness in Application. The JATC also stands for fair rules of employment, the dignity of workers, and the importance of providing an opportunity for rehabilitation for a substance-impaired worker who seeks help. Accordingly, this Substance Abuse Policy and Program will be applied in full compliance with these principles and with all laws, regulations and court decisions which secure these fundamental rights in connection with any chemical testing to which employees, including Apprentices, may be subjected.

Prohibitions Against Drug and Alcohol Use. All Apprentices must report to work for their Employer and report to Apprenticeship Training in a physical condition that will enable them to perform their jobs or training in a safe and efficient manner. Therefore, the JATC has adopted the following rules:

1. Apprentices shall not use, possess, dispense or receive alcohol, illegal drugs or drug paraphernalia on Employer premises, job sites or Apprenticeship Training sites. Apprentices violating this rule will be immediately terminated from the Apprenticeship Program.
2. Apprentices shall not report to work or Apprenticeship Training with any measurable amount of alcohol or illegal drugs in their system. Apprentices violating this rule are subject to the disciplinary measures set forth below in this Policy.

Conditions, for Applicability. The specific conditions under which testing may be performed are described in detail in this Policy and generally include two situations:

1. With respect to Applicants for an Apprenticeship Program, after a conditional offer of selection has been made to an individual by the JATC and prior to indenture; and
2. With respect to incumbent Apprentices.

For Apprentices performing work for an Employer:

1. Where an Employer to whom an Apprentice has been assigned informs the JATC that the Apprentice is or may currently be using illegal drugs, or is currently impaired by the use of alcohol, and the JATC, based on all the facts at its disposal, determines there is reasonable cause to believe such use of drugs or impairment from alcohol exists;
2. The Apprentice in question denies such use or impairment; and
3. There is no testing mechanism put in place by the Employer to resolve the dispute.

For Apprentices attending training provided by the JATC:

1. Where a training instructor, trustee or committee member has reasonable cause to believe the Apprentice is impaired by the use of alcohol or drugs, based on all the facts at his disposal; and
2. The Apprentice in question denies such use or impairment.

The JATC recognizes that drugs and alcohol present a serious health problem and encourage all employees to seek assistance for such problems.

Notice. The JATC will make this Policy available to all current and future Apprentices, as well as to Applicants for Apprenticeship, after a conditional offer of selection has been made to the individual by the JATC and prior to indenture. A copy of this Policy will be posted at the JATC office and copies will be made available for inspection at the JATC office during regular business hours.

B. Confidentiality

1. All information obtained by the JATC regarding drug and alcohol testing of Apprentices or Applicants for an Apprenticeship Program shall be maintained in separate files and shall be treated in all respects as a confidential medical record.
2. Information on test results shall be communicated only to those who need to know to implement and enforce the Policy and ensure safety and proper treatment of tested Apprentices. Information regarding an Apprentice or Applicant's drug test results or rehabilitation may be released only upon written consent by the Apprentice or Applicant, except that, regardless of consent, such information may be released where permitted by law:
 - a. To the representative of a state agency upon request as part of an accident investigation; and
 - b. If the Medical Review Officer (MRO) believes that continued performance by the Apprentice or Applicant of his/her sensitive-safety function could pose a significant safety risk to the Apprentice or Applicant or to others.

C. Testing

Refusal to submit to testing as required and/or permitted under this Policy, or falsification of a test, will be regarded as a "positive" test result, rendering the Apprentice or Applicant subject to the attendant consequences set forth herein.

1. Pre-Indenture Testing

- a. All Applicants to the Apprenticeship Program, to whom a conditional offer of selection has been made, shall, prior to being indentured in the Apprenticeship Program, be tested for illegal drug use. An Applicant testing "positive" for illegal drug use, pursuant to the provisions otherwise set forth in this Program, shall be denied selection.
- b. Applicants for an Apprenticeship Program shall not be asked about drug dependence or use until a conditional offer of selection has been made.

D. Incumbent Apprentice Testing

1. Incumbent Apprentices shall be tested under the following conditions:

- a. Where an Employer to whom an Apprentice has been assigned informs the JATC that the Apprentice is or may currently be using illegal drugs or is currently impaired by the use of alcohol and the JATC, based on all the facts at its disposal, determines there is reasonable cause to believe such use of drugs or impairment from alcohol exists; the Apprentice in question denies such use or impairment; and there is no testing mechanism put in place by the Employer to resolve the dispute.
- b. For Apprentices attending training provided by the JATC, where a training instructor, trustee or committee member has reasonable cause to believe the Apprentice is impaired by the use of alcohol or drugs, based on all the facts at his disposal, and the Apprentice in question denies such use or impairment.

For purposes of this Program, "reasonable cause" may include but is not limited to: sudden changes in work or classroom performance, repeated failure to follow instructions or procedures, violation of safety practices, involvement in an injury, accident or near accident, odor of alcohol or residual odor peculiar to an illegal drug emanating from an Apprentice or near an Apprentice's work or study area, unexplained or frequent absenteeism, unexplained drowsiness, disorientation, erratic behavior or mood changes, or arrest or conviction for violation of criminal drug statutes.

2. When an Apprentice is found at work or at the classroom in possession of illegal drugs, drug paraphernalia or alcohol, there is no need to engage in drug or alcohol testing of the Apprentice. The Apprentice will be terminated from the Apprenticeship Program.
3. Testing of an injured Apprentice will take place only if it will not jeopardize necessary medical attention for the Apprentice.

ADDITIONAL PERMISSIBLE TESTING OPTIONS INCLUDE:

4. *Random testing for safety sensitive positions, which includes electrical work.*
5. *Treatment program testing, which allows for testing of an individual during the time a person is in a chemical dependency treatment program (if referred by the Employer or JATC) and for up to two years following completion of the program.*

E. Testing Procedures

The following sets forth the procedures to be followed when substance abuse testing is conducted:

No Apprentice or Applicant for an Apprenticeship Program shall be required to sign any waiver limiting the liability of any firm, laboratory or person involved in the decision to test or the testing process.

1. All drug testing shall be conducted by a laboratory that is certified as required by the applicable state or federal law.

NOTE: In North and South Dakota, there is no requirement that a laboratory be used and there are products available that will provide drug test results on-site and without referral to a laboratory. If this was used, we recommend that positive tests still be sent to a laboratory for confirmation and review by an NIRO.

Minnesota, however, requires a licensed laboratory be used.

2. All drug testing shall be by urinalysis or other method which may be recognized by the U.S. Government for validity and accuracy of drug testing results.
3. All chemical testing shall come under the control and supervision of a physician, with Apprentice or Applicant confidentiality protected in accordance with the Medical Review Officer (MRO) Manual, as developed by the National Institute on Drug Abuse ("NIDA"). The MRO will be a licensed physician with knowledge of substance abuse disorders. The role of the MRO is as follows:
 - a. Reporting and review of lab test results

All tests which show a "positive" result must be confirmed by a retest of the sample.

- i. A "positive" drug test result shall mean test levels on both the screening test and the confirmatory test are recognized as "positive" by the U.S. Department of Health and Human Services' ("HHS") "Mandatory Guidelines for Federal Workplace Drug Testing Programs" or in a subsequently issued rule or regulation issued by that Agency, for any of the illegal drugs listed in such Guidelines.
- ii. A "positive" alcohol result shall mean test levels on both the initial test and the confirmatory test or tests that are officially recognized as showing impairment by the applicable federal, state or local governmental authority.

Collection of specimens must be completed in a private setting and NIDA/HHS protocol regarding chain of custody and marking of samples must be followed. A copy of the chain of custody and labeling information will be made available to the Apprentice or Applicant upon request.

- b. Within three (3) working days after receipt of the test result from the laboratory, the JATC will notify the Applicant or Apprentice in writing of a negative test result on an initial test or a confirmatory test. Alternatively, the MRO may notify the Applicant or Apprentice of the negative test result within three (3) days of the initial test or the confirmatory test, as applicable.
- c. If a "positive" test is confirmed, the MRO will contact the Apprentice or Applicant as soon as possible but no later than three (3) days after completing the confirmatory test.
 - i. An Apprentice or Applicant whose test results are "positive" shall be advised of the right to:
 - Within three (3) days of receiving the notice from the MRO, explain the positive test result and the right to indicate any over-the-counter or prescription medication that the person is taking or has recently taken and any other information relevant to the reliability of or explanation for the positive test result; and
 - Within five (5) days of receiving the notice from the MRO, request to have a confirmatory retest of the original sample at the Applicant's or Apprentice's own expense; and for an Apprentice, any limitations on termination of the Apprentice or, for an Applicant, any limits on the rights of the JATC to withdraw the offer of Apprenticeship.

Upon request, the Apprentice or Applicant shall also receive copies of the following:

- a. Test results; and
 - b. A copy of this Policy, which includes notice of the possible adverse actions the JATC may take.
- ii. If the MRO cannot contact the Apprentice or Applicant within three (3) days and after making three (3) attempts, the JATC representative will be notified to contact the Apprentice or Applicant and advise him or her to contact the MRO. The JATC will contact the Apprentice within three (3) days of receiving notice from the MRO. At this time, no test results will be given to the JATC.
 - iii. If, after twenty-four (24) hours of being notified by the JATC to do so, the Apprentice or Applicant does not contact the MRO, the MRO will verify the "positive" test result to the JATC. The MRO may notify the authorized JATC representative of results by telephone, computer interface, fax or in writing.

- iv. If the JATC cannot contact the Apprentice or Applicant within three (3) working days, the Apprentice or Applicant may be subject to termination from the Apprenticeship Program.
- d. Results shall be communicated by the MRO to the JATC's authorized representative within three (3) business days of receipt. All such communications will be kept confidential and shall be communicated only to those persons who need to know. Special attention to confidentiality must be observed at the jobsite.
- e. If, within the time frame stated above, the Apprentice or Applicant submits evidence satisfactory to the MRO, a "positive" test result will not result in adverse action.
- f. No adverse action shall be taken against any Apprentice or Applicant by the JATC on the basis of an unconfirmed "positive" result of a drug or alcohol test.

F. Effect of a Positive Drug or Alcohol Test

An Apprentice testing "positive" on any drug or alcohol test, a confirmatory test and, if applicable a confirmatory retest shall, on first occurrence, be offered the opportunity to enter a rehabilitation or counseling program. The JATC shall provide information to the Apprentice concerning the existence of public and private drug counseling, assistance, rehabilitation and other drug and alcohol abuse treatment programs of which the JATC is aware. If the Apprentice enters such a program, his or her status as an Apprentice will not be affected. If the Apprentice refuses to enter such a program or fails to successfully complete the program, the Apprentice will be terminated from the Apprenticeship Program. The JATC shall endeavor to accommodate the times during which the Apprentice must be absent to participate in such program, in order to allow the Apprentice to continue to receive classroom training.

An Applicant testing "positive" on any drug test, confirmatory test and, if applicable, confirmatory retest shall have the conditional offer of Apprenticeship withdrawn.

VII) Sexual Harassment Policy

A. General

The Joint Apprenticeship and Training committee does not tolerate sexual harassment of any type. Sexual harassment is unlawful, and such prohibited conduct exposes not only the Committee, but individuals involved in such conduct to significant liability under the law. The Committee expects committee employees, including instructors, employers who hire Apprentices, and Apprentices to treat each other with respect and dignity so as not to offend the sensibilities of the individual. Sexual harassment not only hurts the immediate victim, but other employees. Incidents of harassment can result in a general atmosphere in which the purpose of the Apprenticeship and training program is undermined. The Committee, therefore, is committed to vigorously enforcing this

policy against sexual harassment. Committee employees or Apprentices who engage in such conduct will be disciplined. Employers who engage in such conduct against Apprentices will be denied access to Apprentices.

B. What Constitutes Sexual Harassment?

Sexual harassment according to the Federal Equal Employment Opportunity Commission (“EEOC”) consist of unwelcome sexual advances, requests for sexual favors and any other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of an individual's training or employment;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for a training-related, or employment-related decision affecting such individual; and
3. Such conduct has the purpose of effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, abusive or offensive working environment.

Sexual harassment may include, but is not limited to, intentional physical conduct that is sexual in nature, such as touching, pinching, patting; sexually-oriented gestures, noised, remarks, jokes or comments about a person's sexuality or sexual experience; and displaying pictures, posters, calendars, graffiti, objects, promotional materials, reading materials or other materials that are sexually suggestive, sexually demeaning or pornographic.

C. Filing and Investigating Complaints

Any complaints of, or regarding, sexual harassment should be submitted to the JATC, and shall be treated confidentially except to the extent necessary to investigate and resolve the complaint. Complaints may be made in writing or orally, and anonymous complaints will be accepted. A complaint of harassment may be made by someone who is not the target of harassment, and indeed, anyone who observes sexual harassment is encouraged to report it. Complaints of sexual harassment will be fully investigated, and a determination of the facts will be made on a case-by-case basis. If the Employer has an established plan or policy that deals with sexual harassment, the Apprentice should follow such procedures as are set forth in the Employer's policy against sexual harassment, though they may elect to bring the matter to the JATC.

Committee instructors are responsible for reprimanding an Apprentice for engaging in an act of sexual harassment against another Apprentice that the instructor observes or of which the instructor becomes aware. If the conduct continues or recurs, the instructor should file an official complaint with the JATC. If an employee wishes to pursue a sexual harassment complaint through a government agency or to seek outside help, he or she is entitled to do so. An individual may consult with the JATC for advice on how to proceed.

D. Resolving Complaints

After a thorough investigation, any committee employee or Apprentice found to have committed an act of sexual harassment shall be immediately disciplined. The discipline

imposed will depend on the nature and severity of the misconduct found upon investigation and may include discharge for a first offense. The decision may be appealed back to the Committee for review within thirty days of receiving the JATC's decision.

E. Retaliation Prohibited

The Committee will not tolerate any form of retaliation against an employee who has made a complaint or cooperated in an investigation of alleged sexual harassment.

All persons contacted in the course of an investigation will be advised that they and other individuals involved in a complaint are entitled to be treated in a professional manner, and that any retaliation or reprisal against an individual who is an alleged target of harassment or who has made a complaint, or has provided evidence in conjunction with a complaint, is prohibited and could result in discipline up to, and including, termination. Committee employees or Apprentices who are found to have engaged in retaliation or who fail to cooperate with an investigation of sexual harassment or retaliation will be subject to substantial discipline up to, and including, discharge or termination from the program.

F. Contractor Responsibilities

Employers who hire Apprentices from this program are expected to establish their own policies against sexual harassment and retaliation, including procedures for filing, investigating and resolving complaints as they elect. Contractors should understand that under EEOC's sex discrimination regulations, an employer is responsible for the acts of its agents, and of its supervisory employees when acting in an agency capacity, without regard to the employer's specific authorization or knowledge of such acts by them. Supervisors will be treated as acting in an agency capacity if the employer fails to establish an explicit policy against sexual harassment or fails to establish a reasonably accessible procedure by which victims of sexual harassment can make their complaints known to appropriate officials and have them rectified. With respect to sexually harassing conduct between non-supervisory employees, the employer is responsible where the employer (or its agent) knows or should have known of the conduct, unless the employer takes immediate and appropriate corrective action.

The failure of a contractor to take appropriate action regarding an Apprentice's complaint of sexual harassment on the job may result in the contractor being denied access to Apprentices in the program. It is expected that contractors will work cooperatively with the JATC on the matters concerning the Committee's policy against sexual harassment.

IX) Signature Sheet

I, _____,
have read and understand the Dakotas and Western Minnesota Areawide Electrical Apprenticeship Standards and the Statement of Policy of the Dakotas and Western Minnesota Areawide Joint Electrical Apprenticeship and Training Committee (JATC) and its Local Subcommittees.

I have been given a copy of the Joint Apprenticeship and Training Committee's Alcohol and Substance Abuse Policy ("Policy"). I have read the Policy and understand its contents.

As a condition of participation in the Apprenticeship Program, I, **Applicant / Apprentice (circle one)**, hereby consent to submit to such urinalysis, blood test and/or other tests as shall be determined by the JATC for the purposes of determining the presence of prohibited drugs or alcohol. I agree that any specimens collected for these may be forwarded by the JATC to an I-IFIS certified testing laboratory for analysis. I further agree to and hereby authorize the release of the results of said tests to the JATC, its authorized agents, servants and employees, as set forth in the Policy.

I hereby release any physician, addictionologist, counselor or other rehabilitation professional to discuss my compliance with the Policy with the JATC, its authorized agents, servants and employees.

I understand that my refusal to submit to testing as required and/or permitted under the Policy or falsification of a test, will be regarded as a "positive" test result, rendering me subject to the attendant consequences set forth in this Policy.

I have carefully read the foregoing Consent Form and fully understand its contents. I acknowledge that my signing this form is a voluntary act on my part and that I have not been coerced into signing this document by anyone.
